Course Venues:

Most of our courses are held at the Gerotek Vehicle Testing Facility, where all major motor manufacturers test current and new vehicles to their full potential. The facilities are also designed for driver training and is currently the best facility in the country for our purpose.

Fleet driver training can be hosted at one of our nationwide office premises based in Johannesburg, Cape Town or Durban and in addition at the client premises, provided there is conference room facility. This alliviates downtime for employees.
